P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

FACTS

The following documents appear on the USPTO online image wrapper for the above-referenced matter starting in January 2002:

1. The attached document entitled **Power of Attorney or Authorization of Agent, Not Accompanying Application** dated January 9, 2002. This document includes reference to application number 09/873,008, not the correct application number 09/837,008 of the above referenced matter and also includes a filing date, inventorship information, group art unit, attorney docket number and a signature of assignee that does not match those of the present application (nonetheless, this document was improperly entered). Based upon this improperly entered document, the power of attorney was improperly transferred to the practitioners at Customer Number 022849;
2. The attached document entitled **Express Abandonment under 37 CFR 1.138** dated January 10th, 2002, and signed by "attorney or agent of record" Scott W. Hewett, who was improperly given power of attorney in the present application by

document (1.), was entered in the present application including the same incorrect application information;

3. The attached document entitled **Decision Granting Petition under 37 CFR 1.138(c)**, dated January 16th, 2002 including the same incorrect application information was sent to Scott W. Hewett by the USPTO. Scott W. Hewett is not an authorized agent of the application;
4. A revocation of power was filed by a first law firm authorized by the correct assignee on March 14th, 2002. This attached document did indeed include the correct application information;
5. The attached Official Office Action including the Notice of Abandonment was improperly sent to Scott W. Hewett on August 1, 2002. Strangely, this notice included application information matching that of the present application even though Mr. Hewett's request to expressly abandon included information for a separate matter;
6. A second authorized law firm filed a revocation and power of attorney, and also an assignment, and then the undersigned's law firm filed a revocation and power as well; and lastly,
7. Scott W. Hewett received a **Notice Regarding Change of Power of Attorney** notifying him of the final power of attorney filing which was mailed by the USPTO on August 12, 2004.

In conclusion, the above-referenced application was abandoned by the Patent Office with documents filed for a different application, by an attorney not of record in this application.

STATEMENT

The failure to detect and remedy the improper power of attorney and express abandonment filed in this application within a reasonable time was unavoidable. As discussed above, a power of attorney and express abandonment were improperly entered in this case without the attorney of record being notified. The application was then transferred by the assignee to a new law firm on March 14, 2002, a second new law firm

on December 16, 2002, and finally to the undersigned's law firm on August 11, 2004. According to a status check conducted by the present law firm on July 5, 2006, no correspondence was transmitted by the Patent Office to any of these three law firms. Therefore, none of the appointed law firms were made aware of the improperly filed power of attorney or express abandonment. Therefore, the Applicants respectfully submit that the abandonment of the application was unavoidable.

RESPONSE

No response accompanies this Petition as this Petition is being filed in response to an improperly entered power of attorney and petition to expressly abandon. No official Office Action was ever issued in this application.

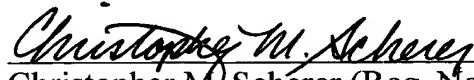

FEES

This Petition is accompanied by authorization to charge the Applicant's Deposit Account No. 50.2401 for the petition fee set forth in 37 C.F.R. § 1.17(l) amount of \$500.00.

CONCLUSION

Revival of this application to pending status to the extent noted above is respectfully sought.

Respectfully submitted,

Christopher M. Scherer (Reg. No. 50,655)
